REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Greenwood:

Although there has been a large entering class at the Locke Mills school the total enrollment has remained about the same as last year.

You are indeed fortunate in having five excellent teachers in your schools this year. Mrs. Lurvey and Mrs. Ring at Locke Mills and Mrs. Doris Slattery at the Tubbs School are back from last year. Mrs. Colista Morgan, after a year's absence, is again at the Greenwood City school. Mrs. Elizabeth Wight, who has had much experience with primary grades in Bethel, has the large primary group at Locke Mills. Music under the supervision of Mrs. Beth Abbott has been introduced into the Locke Mills school for one-half day each week.

For the past three years, while most towns have been raising their appropriations for schools, there has been no increase in School Maintenance appropriations in Greenwood. Finally, it becomes necessary to appropriate a large amount more to take care of the necessities for the coming year. Your committee has, for 1948, recommended a \$3,300 more overall than for the previous years. This is the figure after cutting down just as closely as seemed safe.

Just what are the reasons for this? Here are some of the larger details. The cost of High School Tuition for 1948 will be \$1500 greater than for 1946. The combined increases in fuel, janitors' service, and conveyance was \$850 more in 1947 than in 1946. Should we expect a decrease in 1948? The net increase in amount paid to teachers was about \$600 over 1946. Part of this will come back in the 1948 state fund. Textbooks and supplies together increased about \$400. Expenses should be considerably less for these accounts this coming year. On top of all this you will be receiving only \$850 in equalization as compared to \$2400 in the past few years.

Some repairs are definitely needed but the committee felt, due to the large expense in School Maintenance, that it would be best to forego all large repair jobs until another year.

Federal Aid for school lunches is again being used to

help support the program at Locke Mills. This alone, however, is not enough, and without help from the teachers, the generous support of interested citizens and community organizations it would hardly be possible. All this is highly commendable and makes possible the serving of a complete lunch to any student who wishes it, irrespective of his ability to pay.

This has been a very successful year for the Greenwood Schools, and I wish to express my appreciation to all those who helped to make this possible.

Respectfully submitted,

DONALD M. CHRISTIE
